Critical Illness Benefit
This plan covers Critical Illness till age 99 as further set out below.

Full Payment
If the Life Assured is diagnosed with a CI (with the exception of Angioplasty & Other Invasive Treatment for Coronary Artery), the CI Benefit will be paid in a lump sum.

The amount payable is the Sum Assured of the Basic Policy plus accumulated bonuses, less any outstanding Indebtedness.

Even if the Life Assured is diagnosed as having more than one Critical Illnesses (with the exception of Angioplasty & Other Invasive Treatment for Coronary Artery), whether at the same time or at different times, We will only pay the CI Benefit (less any outstanding Indebtedness) once in full and the Policy terminates upon full payment of the CI Benefit.

Limited Advance Payment
If the Life Assured is diagnosed with Angioplasty & Other Invasive Treatment for Coronary Artery, there will be a limited advance payment on the CI Benefit.

The amount payable is 10% of the Sum Assured of the Basic Policy plus accumulated bonuses (subject to a maximum of S$25,000), less any outstanding Indebtedness.

After the advance payment of the CI Benefit is made, the Sum Assured will be reduced accordingly by the amount paid out. Attaching bonuses to the Policy will also be adjusted accordingly based on the reduced Sum Assured of the Policy. The Policy remains in force and Premiums payable will be adjusted accordingly based on the reduced Sum Assured of the Policy.
